TO OUR MANY FRIENDS AND PATRONS

*The First Thing We Want You to See
When You Open This Price List
Is a Word of Appreciation*

You know how difficult it is to say even “Thank You” in a personal and sincere way when it is confined to writing.

We wish you to know how very much your patronage has meant to us, how greatly we appreciate it, and how sincere we are in our efforts to continue this pleasant relationship.

We thank you for your patronage and good will, extending as it has, in many cases, over years of business friendship, and may our succeeding relations be again mutually pleasant.

Such is our personal message to you. If we can be of service to you, do not hesitate to write to us.

Yours sincerely,
